1986: University Degree in Business Administration, Bocconi University, Milan;

1992: PhD in Economics, Bocconi University, Milan.

Alessandro is Full Professor of Accounting and Corporate Finance at Cattaneo University - LIUC, Castellanza (Varese). At Cattaneo University, Alessandro is also head of the Master Programme CFO (Chief Financial Officer), held in cooperation with ANDAF (Italian Association of Chief Financial Officers). Formerly, Alessandro has taught Business Strategy for more than 20 years at Bocconi University, Milan.

Alessandro is Chartered Accountant (Dottore Commercialista) and Consultant of the Court of Milan, with specialization in company valuation and arbitration.

He serves as Director in some companies such as: Amplifon S.p.A. (listed at the Milan Stock Exchange); Italtel S.p.A.; Conbipel S.p.A. He serves as Statutory Auditor in some companies such as: Mipharm S.p.A.; Takeda Italia S.p.A. (Takeda Group, Japan).

He serves as a member of the Supervisory Committee (Law 231/2001) of: Esselunga S.p.A. (President); Ospedale San Raffaele (President); Risanamento S.p.A., Industrie Farmaceutiche Menarini S.p.A.

Formerly, Alessandro has served as director/statutory auditor for several other companies (among them, Risanamento, Alitalia, Brugola, Vincenzo Zucchi, SNAI, Banca Italease, Distillerie Bonollo).

He is equity partner of the consulting firm Partners – Consulenti e Professionisti Associati S.p.A., based in Milan.

As consultant, Alessandro is involved in merger and acquisition projects, corporate restructuring, strategic planning for corporate development of a broad range of companies operating both in manufacturing, services and banking industries.

He worked extensively on company valuation, also on behalf of the Courts of Milan, Monza and Busto Arsizio and he has also worked extensively on litigations and arbitrations (at national and international level - ICC Court of Geneva and Paris), dealing with a broad range of cases and companies operating in many industries.

Alessandro is author of many articles and books on several topics, such as: financial accounting, corporate governance, mergers and acquisitions, corporate restructuring, company valuation.
