

CRISTIAN FINOTTI
Chief Procurement Officer

Degree in Electronic Engineering from the University of Bologna,
Executive MBA from the Alma Graduate School

After an experience in SGS Thomson, he moved to Alstom Transport as Test Engineering Supervisor working in the company from 1997 to 2000. Subsequently Cristian joined Datalogic S.p.a, a multinational group in which he worked up to the beginning of 2016 covering, during the years, different roles of increasing responsibility such as Plant Manager, Procurement & Logistics Manager, Industrial Operations Director, Global Sourcing & Logistics Director and, finally, Global Procurement Vice President therefore gaining a solid international experience. He joined the Amplifon Group in March 2016 as Chief Procurement Officer.
