## **Group Human Resources Department**

The Group's Human Resources Department assists the CEO/GM and the Committee in defining the Group's Global Reward Policy by conducting studies of market trends and practices and providing the analyses needed to develop remuneration policies, as well as to align them with the highest possible standards.

More in detail, with the support of the relative Corporate functions:

- proposes changes to the Global Reward Policy and to the pay/incentive schemes tied to the policy and verifies the impact of the proposed changes on the remuneration system overall;
- identifies and proposes possible indicators to be used to estimate the fixed and variable components of remuneration packages which are in line with the best practices, subject to internal job grading and analysis of reference markets;
- addresses the legal aspects tied to the preparation and application of the incentive plans based on financial instruments;
- monitors the application of the Group's Global Reward Policy.

## **1.2 Definition and approval of the Global Reward Policy 2016**

Each year the Remuneration Committee submits the Policy to the Board of Directors for approval on the basis of the proposal prepared by the CEO/GM with the support of the Group's Human Resources Department. During the meeting held on December 14<sup>th</sup>, 2015, the Remuneration Committee assessed positively the Group's Global Reward Policy for 2016, which was subsequently approved by the Board of Directors on December 17<sup>th</sup>, 2015. The Global Reward Policy provides the Group Human Resources Department with both the guidelines needed to ensure consistent Group-wide management and the flexibility needed to meet the specific needs of the different Countries.

## 2. Overall principles and objectives

Amplifon Remuneration Policy is defined consistently with the Group strategy, the governance model adopted by the Company as well as with the recommendation of the Code of Conduct in order to attract, motivate and retain talents and to align the interest of the management with the primary objective of the value creation for the shareholders in the medium-long term.

Therefore, the remuneration of the Director and the Key Managers of the Group is defined based on the following principles:

- the non-Executive Directors' emoluments is defined on the basis of the commitment needed to carry out their assignment in the Board itself and in the different Committees. Unless approved differently by the Shareholders' Meeting the non-Executive Directors' are not granted any share incentive plan nor other plans linked to the Company's results.
- The overall remuneration structure of the CEO/GM and of the Key Managers, consistently with the principles of the Remuneration Policy, show an appropriate balance between fix and variable components linked to the Company results and defined within maximum limits. The total remuneration is also consistent with the applicable market data for similar roles in terms of responsibility and complexity, assessed through specific remuneration benchmark (peer group).
- The short and medium-long term variable compensation is linked to different complementary targets clearly measurable in coherence with the Company's 3Yr Plan targets. The variable incentives are paid at the end of an accurate process of targets assessment in order to appreciate the real Company performance originated from the management action.
- As provided by the Code of Conduct (art.6.C.1), the variable incentive is subject to a specific claw back clause that foreseen the right of the Company to claim for reimbursement of the amounts paid on the basis of materially inaccurate performance metrics. Considering also the international best practices, a lock up clause for the shares eventually vested related to the LTI Plan of which the CEO/GM and the Key Managers are beneficiary, has been introduced too.
- The remuneration package of the CEO/GM and the Key Managers also includes different benefits which seek to guarantee equal treatment in the Company and general consistency in the remuneration systems, while also maintaining a competitive position in local markets and complying with the law in the different Countries.

## 3. Remuneration Policy 2016 Guidelines

### 3.1 Directors' Compensation

Within Amplifon Board of Directors are included the following roles:

- Chief Executive Officer
- Non-executive Directors with special offices
- Non-executive Directors

Following the resignation of Luca Garavoglia, the Board of Directors on January 29<sup>th</sup> has appointed, following the art.2386 of the Civil Code, Anna Puccio as Independent Director.

On October 20<sup>th</sup>, 2015 the Shareholders' Meeting has appointed Enrico Vita, General Manager of the Company, new Member of the Board. The Board of Director, on October 22<sup>nd</sup>, called upon the General Manager to act as the Group's Chief Executive Officer.

Therefore, on December 31<sup>st</sup>, 2015 the Board of Director consisted of:

- Chief Executive Officer: Enrico Vita
- Chairman of the Board: Susan Carol Holland
- Honorary Chairman of the Board: Anna Maria Formiggini
- Non-Executive Vice President: Franco Moscetti
- Non-Executive Directors: Giampio Bracchi, Maurizio Costa, Andrea Guerra, Anna Puccio and Giovanni Tamburi

The Directors' remuneration is represented by a set emolument, determined on the basis of the commitment needed to carry out their assignments in the Board itself and in the different Committees and consists of the following:

- Compensation for the office of Director
- Compensation for being part of Board Committees
- Compensation for Directors holding special offices

On April 21<sup>st</sup> 2015 the Shareholders' Meeting has confirmed, unchanged from the previous year, a total annual compensation for the Board of Directors of Euro 1.100.000,00, broken down as follows from the Board of Directors:

- Euro 55.000,00 for each of the Directors, with the exception of the Honorary Chairman, the Chairman and Chief Executive Officer;
- Euro 190.000,00 for the Honorary Chairman;
- Euro 200.000,00 for the Chairman;
- Euro 300.000,00 for the Chief Executive Officer;

- Euro 25.000,00 extra for each Independent Director called upon to be a Chairman of a Committee or the Supervisory Board (“Organismo di Vigilanza”);
- Euro 15.000,00 extra for each Independent Director called upon to be a member of a Committee or the Supervisory Board (“Organismo di Vigilanza”).

Following the leadership transition, the Board of Directors on October 22<sup>nd</sup> has reassessed the emoluments, within the overall board compensation as approved by the Shareholders’ Meeting on April 21<sup>st</sup>.

Therefore the BoD has assigned, until the end of the mandate (Approval of the 2015 draft Annual Financial Report):

- To the Chairman of the Board an additional emolument of 15.000,00 Euro
- TO the new Chief Executive Officer an emolument of 122.500,00 Euro
- To the non-Executive Vice President, for his Director’s office, an emolument of 27.500,00 Euro.

The compensation received by each member of the Board of Directors in 2015 are shown in Section 2 – Table 1 of this Statement.

In accordance with best practices, the non-executive Directors are not granted any share incentive plan nor other plans linked to the Company’s results.

The members of the Board of Directors only receive mandatory insurance coverage. The Chairman of the Board of Directors, Susan Carol Holland, is beneficiary of a personal accident insurance policy, with fixed capital, and medical coverage, in line with that offered to the Key Managers.

As of today, there are no agreements which provide for indemnities in the event of resignation or termination without cause or following a takeover bid, nor are there any agreements based on which non-cash benefits should be provided or maintained if a party ceases to hold office nor have any consulting agreements been stipulated with Directors for a period that runs beyond their term of office. Lastly, to date, no agreements have been stipulated with Directors based on which they would receive compensation for non-compete agreements.

## 3.2 Remuneration of the Chief Executive Officer/General Manager

The Remuneration Committee submits to the Board of Directors proposals on the remuneration of the Chief Executive Officer/General Manager based on analyses of market trends and on benchmarking with peer group remuneration structure.

Generally the CEO/GM's remuneration is comprised of the following:

- A gross yearly fixed remuneration (base salary and emolument for the office);
- A yearly variable remuneration linked to the achievement of predefined Company targets (MBO);
- A medium/long term variable share component (LTI);
- Benefits

12

### Fixed Remuneration

The fixed remuneration of the CEO/GM is composed by a gross base salary and an emolument for the office of Chief Executive Officer. Each year the Remuneration Committee assesses the CEO/GM's fixed remuneration in light of reference market standards and potentially proposes any necessary changes based on the principles of the Group's Global Reward Policy, as well as in light of the level of Total Remuneration per year.

### Short term variable incentive (MBO)

The CEO/GM's variable incentive is linked to the Group's economic and financial performances. With reference to these components, each year the Remuneration Committee submits a proposal to the Board of Directors in which it identifies the parameters and targets to be used and, in the subsequent year, verifies the results achieved.

More in detail, for 2016, the incentive target has been confirmed equal to the 50% of the fixed remuneration and based on the following parameters:

<b>Yearly target</b>	<b>Weight</b>	<b>Booster</b>
<b>Group EBITDA</b>	40%	X 2
<b>Group Net Sales</b>	40%	X 2
<b>Group Free Cash Flow</b>	20%	X 1.2

The targets take into consideration the different factors deemed part of a balanced performance and reflect the priorities indicated in the Company's plans. The total incentive is equal to the sum of the single bonuses payable upon achieving the relative targets.

The targets are calculated on the basis of pre-determined exchange rates and on the existing perimeter at the beginning of the fiscal year. For each target is defined a minimum threshold, under which the target is deemed to not have been achieved and, consequently, the payout linked to the single target not be made, and an accelerator (booster) in case of overachievement of the results. The maximum payout cannot exceed, in any case, the 180% of the target.

The only further condition for the payout, in addition to the targets achievement, is that the CEO/GM must be employed for the whole performance year and consequently until December 31st of the reference year.

The incentive also foresees a claw-back clause following which the Company has the right to claim for reimbursement of the amounts paid on the basis of materially inaccurate performance metrics.

#### Medium-long term variable incentive (LTI)

The CEO/GM is beneficiary of the medium-long term share incentive plan (LTI) approved by the Shareholders' Meeting on April 16<sup>th</sup>, 2014. The system has a temporal framework of 3.5 years for each assignment and is based on an annual "rolling" mechanism with periodical cumulative targets (EBIT/Net Sales). As described in the plan approved by the Shareholders' Meeting is expected an assignment every year until 2018 linked to the evolution of the 3Yrs Plans and the share trend.

Also this plan foresees a claw-back clause and, for the Executive cluster in which the CEO/GM is comprised, a lock-up clause for the shares eventually vested. Considering the international best practices and the consistent vesting period of the plan the lock-up period has been defined in 1 financial year from the date of vesting of the rights.

The details of all the assignments made under this plan to the CEO/GM are shown in Section 2 – Table 3A of this statement.

#### Additional insurance coverage

The Chief Executive Officer/General Manager is covered, together with Amplifon SpA Key Managers, by a life insurance policy (only in the event of death) which is in addition to what is provided under the National Collective Labour Contract (CCNL Commercio) through the Antonio Pastore Fund. The policy will cover up to a maximum of € 360,000 which is the level under which an anamnesis questionnaire need not be filled out. The premium varies depending on the actuarial age of the insured and is determined definitively when coverage begins.

All of the Amplifon SpA Executives, including the CEO/GM, also have medical coverage which provides for the refund of expenses, in addition to the standard FASDAC coverage, and an annual medical check-up.

### Benefits

The Chief Executive Officer/General Manager is beneficiary of a Company car pursuant to Amplifon's Company car policies and of the Flexible Benefits plan under which the CEO, as well as all employees of Amplifon S.p.A, may select, within a predetermined budget and in accordance with the law (art. 100, comma 1 of TUIR) options which best fit his needs with a particular focus on education/culture and healthcare not provided for as part of the coverage referred to in previous paragraph. The CEO is also beneficiary of an housing reimbursement for the first three years of the employment relationship.

### Indemnity in the event of resignation, dismissal or termination

To date, considering the end of the current mandate (Approval of the 2015 draft Annual Financial Report) no agreements regarding indemnity to be paid in the event of resignation dismissal without cause or termination with the CEO/GM have been made. Following the appointment of the new Board of Directors, the Committee, consistently with the indication of the Code of Conduct, will assess the definition of an indemnity in case of employment relationship termination or not renewal of the office.

## **3.3 Remuneration of Key Managers with Strategic Responsibilities**

The Key Managers with strategic responsibilities are identified by the Remuneration Committee following the current regulations that identifies them with those persons who have the power and responsibility, directly or indirectly, for planning, directing and controlling the Company's activities and to adopt decisions that might affect Amplifon's development and future prospects. Therefore are part of this cluster the business leaders of the three regions and the functional officers of the Group even if not direct employees of Amplifon SpA.

During 2015 also this cluster has been involved in the leadership transition and has experienced different changes. On December 31<sup>st</sup> 2015 was composed by:

- Giovanni Caruso, Chief HR Officer
- Andrea Facchini, Chief Marketing Officer
- Massimiliano Gerli, Chief Information Officer
- Ugo Giorcelli, Chief Financial Officer
- Giovanni (John) Pappalardo, Executive Vice President APAC

- Giulio Pizzini, Chief Strategic Development Officer
- Heinz Ruch, Executive Vice President Americas

The remuneration received by each member of the Key Managers cluster in 2015 are shown in Section 2 – Table 1 of this Statement with the indication, where provided, of the hiring and termination date and the possible indemnities paid.

The remuneration policies applicable to this cluster are defined, within the Group's Global Reward Policy framework, by the CEO/GM, examined by the Remuneration Committee and shared with the Board of Directors.

The Key Managers' remuneration is composed, overall, by the same elements foreseen for the CEO/GM remuneration, with the exclusion of the emoluments for the office of CEO.

### Fixed Remuneration

Each year the CEO/GM assesses, with the support of the Group HR Department and on the basis of the advice of the Remuneration Committee, the base salary of the Key Managers in light of reference market standards and potentially proposes any necessary changes based on the principles of the Group's Global Reward Policy, as well as in light of the level of Total Remuneration per year.

### Short term variable incentive (MBO)

The Key Managers' variable incentive, in line with the CEO/GM one, is linked to the Group's economic and financial performances.

More in detail, for 2016, the incentive target has been confirmed equal to the 50% of the fixed remuneration for the Executive Vice Presidents and equal to 40% for the Chief Functional Officers and is based on the following parameters:

<b>Yearly target</b>	<b>Weight</b>	<b>Booster</b>
<b>Group/Region EBITDA</b>	35%	X 2
<b>Group/Region Net Sales</b>	30%	X 2
<b>Group/Region Free Cash Flow</b>	15%	X 1.2
<b>Individual Objectives</b>	20%	X 1.2

The targets take into consideration the different factors deemed part of a balanced performance and reflect the priorities indicated in the Company's plans. The total incentive is equal to the sum of the single bonuses payable upon achieving the relative targets.

The targets are calculated on the basis of pre-determined exchange rates and on the existing perimeter at the beginning of the fiscal year. For each target is defined a minimum threshold, under which the target is deemed to not have been achieved and, consequently, the payout linked to the single target not be made, and an accelerator (booster) in case of overachievement of the results. The incentive tied to individual objectives is determined on the basis of the performance appraisal conducted yearly by the CEO/GM following Amplifon's current Performance Development Review Process or PDR.

The maximum payout cannot exceed, in any case, the 200% of the target for the Executive Vice Presidents and the 170% of the target for the Chief Functional Officers. The only further condition for the payout, in addition to the targets achievement, is that the beneficiary must be employed for the whole performance year and consequently until December 31st of the reference year.

The incentive also foresees a claw-back clause following which the Company has the right to claim for reimbursement of the amounts paid on the basis of materially inaccurate performance metrics.

#### Medium-long term variable incentive (LTI)

The Key Managers are beneficiary, as for the CEO/GM, of the medium-long term share incentive plan (LTI) approved by the Shareholders' Meeting on April 16<sup>th</sup>, 2014. The system has a temporal framework of 3.5 years for each assignment and is based on an annual "rolling" mechanism with periodical cumulative targets (EBIT/Net Sales). As described in the plan approved by the Shareholders' Meeting is expected an assignment every year until 2018 linked to the evolution of the 3Yrs Plans and the share trend.

Also this plan foresees a claw-back clause and, for the Executive cluster, a lock-up clause for the shares eventually vested. Considering the international best practices and the consistent vesting period of the plan the lock-up period has been defined in 1 financial year from the date of vesting of the rights.

The details of all the assignments made under this plan are shown consolidated for the whole cluster in Section 2 – Table 3A of this statement.

#### Previous Share Incentive Plans (Stock Options/Performance Stock Grant)

The Key Managers are still beneficiaries of Stock Option plans approved in 2005 and 2010 and now completed and of the Performance Stock Grant Plan 2011-2020. The details of the assignments made under these plans are shown in Section 2 - Table 2 and 3A of this statement).

#### Additional insurance coverage

The Key Managers employed by Amplifon SpA are covered by a life insurance policy (only in the event of death) which is in addition to what is provided under the National Collective Labour

Contract (CCNL Commercio) through the Antonio Pastore Fund. The policy will cover up to a maximum of € 360,000 which is the level under which an anamnesis questionnaire need not be filled out. The premium varies depending on the actuarial age of the insured and is determined definitively when coverage begins.

All of the Amplifon SpA Executives also have medical coverage which provides for the refund of expenses, in addition to the standard FASDAC coverage, and an annual medical check-up.

### Benefits

All Key Managers are beneficiary of a Company car pursuant to the car policies provided by their related Amplifon Company. The Key Managers employed by Amplifon SpA are also beneficiary, as well as all employees of Amplifon S.p.A, of the Flexible Benefits plan under which the beneficiary may select, within a predetermined budget and in accordance with the law (art. 100, comma 1 of TUIR) options which best fit his needs with a particular focus on education/culture and healthcare not provided for as part of the coverage referred to in previous paragraph.

### Indemnity in the event of resignation, dismissal or termination

For the Key Managers the payment due for employment termination as per the relevant national collective labour agreement is envisaged, together with any other additional severance indemnity agreed upon on an individual basis upon termination. For cases of termination that present high competitive risks relating to the criticality of the position held by the Manager, non-competition agreements may also be entered into with payments defined in relation to the remuneration received and the conditions of duration and efficacy of the agreement.

### Responsible of the "Internal Audit" function

The remuneration of the manager of the "Internal Audit" function (Group Risk & Compliance Officer) is in line with the Remuneration Policy of the Group and consistent with the role / task assigned to him. In particular, the base salary is commensurate with the market benchmark of listed companies and to the levels of performances evaluated on the basis of individual goals set annually and key competences required by the position. The variable incentive is linked, as well as all Managers of Amplifon SpA to Group results and to a positive evaluation of individual objectives mentioned above.

## **4. Main changes with respect to previous year**

The Global Reward Policy 2016 confirms the setting applied with satisfactory results in the previous years.

Considering the ambitious 3Yr Plan of the Group and the need of constantly aligning the incentive systems with the Company strategic priorities, the Remuneration Committee submitted to the Board of Director on December 17<sup>th</sup>, 2015 a proposal of update of the short term variable incentive scheme (MBO).

The incentive scheme has, therefore, been reviewed with the aim of the simplification and efficacy in particular balancing consistently the weight of the EBITDA and Net Sales targets as well as foreseeing an achievement scale in continuum from the minimum threshold, below which no payout is paid, to the target. As know, it already exist a similar continuum mechanism from the target to the maximum payout.

On October 22<sup>nd</sup>, the Board of Director has appointed Enrico Vita, General Manager of the Company, Chief Executive Officer of the Group until the end of the current mandate (Approval of the 2015 Annual Financial Report). The remuneration structure of the new CEO is in line with the Global Reward Policy of the Group and aligned to the previous CEO. On the same date the previous CEO, Franco Moschetti, was appointed non-Executive Vice President.

All the information related to the indemnities provided for the termination of the relationships with the CEO Franco Moschetti have been communicated on our website in a timely manner following the indication of the Code of Conduct (Principle 6.P.5) on July 23<sup>rd</sup>, 2015 and are reported in details in the first part of the Section 2 of this Statement.
